

Public Comments Received by December 3, 2003

The formal public review and comment period is currently underway and is not scheduled to close until the conclusion of the Public Hearing on December 10, 2003. Upon the close of the Public Hearing and public comment period, staff will prepare written responses to all public comments received. In addition, staff will also revise the TMDL Basin Plan amendment and supporting documents as appropriate to reflect public comment and direction received from the Regional Board members.

The following entities submitted comments to the Regional Board by the close of business on December 3, 2003. Each comment letter or e-mail is attached.
